(iv) Municipal Energy Efficiency Project (MEEP):

The Hon'ble Prime Minister of India has launch Street Light National Programme (SLNP) to replace conventional street lights with smart and energy efficient LED Street Light under UJALA scheme. Govt. of India appointed Energy Services Company (ESCO) and Energy Efficiency Services Ltd. (EESL) as a Nodal Agency to implement Street Light National Programme (SLNP).

The State Government vide above referred GR nominated M/s EESL as the Nodal Agency for Implemented Street Light National Programme for 8 Municipal Corporations and **155** Municipalities of the State of Gujarat. State Government has signed a MoU with M/s EESL in the presence of Hon'ble Minister, MoUD, GoI on 08/11/2016 for implementation of this scheme.

For the project time period of 7 years the LED Street Light Management and Maintenance cost and responsibilities are being taken care of by EESL. The Urban Local Bodies do not have to pay any cost for 7 years. The repayment by ULBs to EESL, is on a monthly basis wherein, EESL is entitled for 60% of the deemed energy savings and ULB's share in these savings is 40% for a period of seven years. These savings are calculated on the actual tariffs prevailing at the time of calculation.

ULB towards fulfilling its commitment to provide better services invited EESL to facilitate supply, installation, service and maintain LED streetlight fixtures including their post installation maintenance and warrant replacement during the project period. In response thereto, EESL agreed to facilitate installation of the LED streetlight fixtures and Central Control Monitoring System (CCMS) as a replacement of existing conventional street lighting fixtures.

155 Municipalities and 8 Municipal Corporations in State have approximately **12.00** lakh street lights, out of these **2.96** lakh street lights are replaced by Municipalities and Municipal Corporations themselves and 8.73 lakh street lights are replaced by EESL till date. The installation work has been completed in **160** ULBs out of **163** ULBs. EESL has developed Central Control Monitoring System (CCMS) for monitoring status of installed lights which will help in maintenance of lights. EESL has also set up the computerized control system at each ULB and one state level control room is being setup for real time monitoring of installed lights. Also Complaint Handling System (CHS) has been developed by providing toll free number for registration of complaints centrally by M/s. EESL. Till date, control rooms are in operation in 129 ULBs and CHS is working in 130 ULBs. The project is being reviewed by Hon'ble Chief Minister through CM's dashboard and Hon'ble Chief Minister is personally taking interest to oversee the system.

Achievement till date:

Total no of street lights replaced	12.00 Lakh
Approx. overall annual energy savings	324.67 million KWh
Approx. reduction of installed street light load	80.86 MW
Approx. annual cost reduction of ULBs only by Energy saving	Rs. 184.42 crore
Annual estimated greenhouse gas emission reductions	301.87 tonnes of CO2

(v) Liquid Waste Management Project:

The Government of Gujarat (GoG) has initiated Liquid Waste Management Project. This Project focuses on the reuse and recycle of the waste. It also aims to create a symbiotic relationship between rural and urban areas in such a way that the bye-products of the waste can be utilized for industrial and agricultural purposes to the extent feasible.

Reuse of waste-water will ultimately reduce the financial burden on the ULBs and partially offset the water demand. It has, therefore, proposed to promote reuse of waste water. To promote and expedite the activities under Liquid Waste Management. Planning for implementation is initiated.

(vi) Power Factor Improvement and Time Management:

Electricity consumption plays a major role in the operation of Pumping Stations. GUDC has been designated as the nodal agency for Municipal Energy Efficiency Programme (MEEP). M/s. Electrical Research & Development Association, M/s. MITCON Consultancy & Engineering Services Pvt. Ltd. and 3A Electricals are empanelled for Providing Consultancy Services such as preparation of Detailed Energy Audit, Thermal Image for electrical connections and recommendation for energy savings and improvement of power factor in 139 Municipalities owned HT/LT Connections under Municipal Energy Efficiency Programme (MEEP) as a solution to improve the financial condition of respective ULBs.

Energy Audit Report submitted by consultants for 140 municipalities were approved and AA & TS was accorded for an amount of Rs. 300.97 Lakh (For 41 ULBs). Accordingly, Notice to Proceed (NTP) issued for "Supply, Installation, Testing and Commissioning work of Automatic Power Factor Correction Panels & Up-gradation of Operating System for Pumping Stations of Municipalities including Electrical, Mechanical & Civil work & Also Supply & Installation of Fire & Electrical Safety Equipment, Energy Monitoring System-(EMS) at respective Municipalities of 6 zones covering 41 ULBs amounting Rs. 269.10 Lakh under SJMMSVY"

(vii) Solar Power Projects for STP/WTP:

Electricity consumption plays a major role in operation of Sewerage Treatment Plants/Water Treatment Plant. In order to make the Assets of Water supply and Underground Drainage schemes of ULBs of Gujarat self-sustainable and to deliver the duties towards betterment of Environment and reducing financial burdens of ULBs, Solar Projects have been introduced at STP and WTP locations of the ULBs of Gujarat. GUDC has been designated as the nodal agency by the State Government for implementation of solar projects in 8 STP of Gujarat vide GR dated 24/06/19 in Phase I with 2052 KW installation capacity, In 9 STP/WTP of Gujarat vide GR dated 17/12/19 in Phase II with 1242 Kw installation capacity and In 16 STP/WTPs of Gujarat vide GR dated 20/03/2020 in Phase III with 2835 Kw installation capacity. The installation capacity has been decided considering 50% of contract load as per Solar Policy – 2015.

M/s. TUV SUD South Asia and M/s. Gujarat Energy Research and Management Institute are empanelled for Providing Consultancy Services such as preparation of Detailed Feasibility Report, Tender Preparation, Bid Evaluation, Module Mounting Structure (MMS) design drawing and Third Party Engineering / Inspection (TPE/TPI).

The expenditure for the project is to be incurred under the SJMMSVY scheme.

Out of total 33 solar projects for which in principal approval has been given, For 22 Solar Projects (At Nadiad- STP, Petlad-STP, Vapi-STP, Godhra-STP, Himmatnagar-STP, Patan-STP, Dholka-STP, Vadnagar-STP, Vapi (Chala)-WTP, Vapi-WTP II, Surenderanagar –STP, Umargam-WTP, Songadh-WTP, Ankleshwar-WTP, Navsari DudhiyaTalav-I WTP, Navsari Dudhiya Talav-IIWTP, Vyara –WTP, Pardi-WTP, Anand (TP 8)- STP, Anand (Lambhvel)-STP, Anand (Bakrol)-STP & Navsari (Ghelkhadi)-WTP) with 3.17 MW Capacity costing Rs. 15.65 Cr., work order is issued and design / Drawing / execution is under progress.

For 03 Solar Projects (At Valsad-STP, Deesa-STP & Bardoli-WTP) with 0.39 MW Capacity costing Rs. 2.23 Cr., tenders are under approval.

For 02 Solar Project (At Bharuch –WTP & Vejalpor-WTP) with 0.33 MW Capacity costing Rs. 1.89 Cr. is under tender revision.

For 06 Solar Projects (At Botad-WTP, Botad-STP, Jambusar-WTP, Vyara-STP, Unjha-STP & Navsari (Jalalpur)-WTP) with 0.99 MW Capacity costing Rs. 5.45 Cr., DPR is approved.

ANNEXURE - IV

Procedure for the scrutiny of contractors bills in Project and Finance Department

Following procedure is prescribed for the scrutiny of contractors' bills in the Project and Finance Department of GUDC. The Department Heads of both the Departments i.e. VP(P) and CFO shall be responsible to see that this procedure is followed scrupulously in their respective Department.

Project Department:

Procedure for the Scrutiny of Running Bills:

1. It shall be checked that as to whether the certification given by the Consultants/ PIUs is complete as per the format prescribed by GUDC Ltd. and as per the terms and conditions of the agreement in this respect and no item of the format of certificate is left out.
2. It shall be checked and verified that all relevant documents and certificates are enclosed in original with the bills by the consultants / PIUs as required under the terms and conditions of the agreement.
3. To check and verify that all pages and last page in particular are stamped and signed in full by the contractor and consultants/ PIUs and names of the signatories are mentioned below their signatures.
4. Total quantities as mentioned in the abstract/summary of the bill shall tally with the estimated quantities of BOQ and to ensure that the increase/decrease in the executed quantities mentioned in the bill is correct. These increased quantities shall tally with the quantities mentioned in the variation statement duly approved by the Competent Authority.
5. Rates as mentioned in respect of each item in the bill shall be compared with those mentioned in the bid document and ensure that the same are correct.
6. It shall be checked and verified that proper, adequate and satisfactory reasons are mentioned/recorded in the relevant columns of the variation statement before making final payment.

7. Instructions given in Para 6 shall also be applicable in respect of extra item statement. In addition to the checking, it shall be checked and verified that similar item is not available in the Bid document. Justifications for the extra items shall be more elaborate, since rates and quantities are not pre-determined.
8. Amount of items of variation statement and extra items statement should be approved by the Competent Authority before making final payments.
9. Details of the deductions such as recoveries towards material advance, mobilization advance, retention money etc. shall be checked and ensured that they are neither left out nor shown less than what shall have been deducted.
10. It shall be checked/verified and ensured that the provisional rates in respect of extra items shown are according to the terms and conditions of bid documents and are not shown on higher side by the Consultants. If final rates are shown in the bill then the same shall tally with the approved rates.
11. To check and verify that minimum 05% money is kept on hold in water supply and sewerage works towards commissioning and hydro testing.
12. To check and verify that all test reports enclosed with the bill are satisfactory and no report indicates adverse result/remarks.
13. Arithmetical calculations of the bills so far as the amount of work done and deductions shall be checked/verified to ensure that they are correct.
14. It shall be ensured that the validity of the following guarantees and policies have not expired:
 - a. Performance Bank Guarantee
 - b. WCT insurance policy
 - c. CAR policy
 - d. Water Leakages policy
 - e. Bank guarantee against mobilization advance & indemnity bond for the material advance.
15. It shall be checked and verified that the above policies cover the risks etc. as per the terms and conditions of the contract.
16. It shall be checked and verified that if the bill is presented for an amount less than the minimum amount fixed under the contract conditions, then the contractor has submitted proper justification and it is favourably opined by the Consultants.
17. It shall be ensured that if any intermediate liquidated damages/penalty has been awarded by the consultants, the same is deducted from the bill.
18. It shall be checked that the page no. of measurement sheets are recorded against each item in the bill and they tally with the measurement sheets.
19. At least 5% of the items of bills shall be verified AT HO LEVEL to check that all the measurement shown in the abstract of bill tallies with the same in measurement sheets.
20. It shall be duty of the Project Department to check and verify that the claim of material advance included in the bill and recommended by the Consultants is correct and justifiable, particularly, in view of the past

progress of the work, closing balance of unutilized material for which advance has been given and market requirement for the purchase and stocking of the material. If the claim does not commensurate with the progress of the work, but for any technical or other reasons and Project Department is of the view/opinion that the claimed material advance shall be allowed then it shall record its views/opinion elaborately in support of the same.

Finance Department:

1. It shall verify that the validity of the Performance Bank Guarantee, Bank Guarantee against mobilization advance and policies have not expired:
2. Arithmetical calculations of the abstract of bill shall be checked.
3. The figure of the bills and those as certified by the Consultants and Project Department shall be checked to see that if any discrepancies, the same is properly explained by the Consultants and Project Department.
4. Details of the deductions such as recoveries towards material advance mobilization advance, retention money etc. shall be checked and ensured that they are neither left out nor shown less than what shall have been deducted.
5. To ensure that the deductions towards TDS, GST and Work Contract Tax etc. are made properly from the bill as per relevant rules and regulations.
6. To check that the amount certified by the Project Department is correct as per the certificates of the Consultants and after taking into consideration the items of variations and extra items not approved by the Competent Authorities.
7. A list of the deductions made by the Finance Department and from the certified/approved amount of the Consultants/Competent Authorities shall be prepared and given to the contractor to enable him to understand the difference between the amount certified by the Project Department/Consultants and the amount of cheque.

Distribution of work and Delegation of Powers to Project Implementation Unit(PIU)

GUDC has established six PIU Office namely PIU-Gandhinagar, PIU-Ahmedabad, PIU-Rajkot, PIU-Bhavnagar, PIU-Vadodara & PIU-Surat for monitoring the implementation of various projects of the Company.
